BY AUTHORITY.

Scheme of a Lottery,

Table with 2 columns: Prize amount and number of tickets. Includes prizes from 1 to 7991 and 14209 blanks.

Stationary premiums 24,500. 14209 Blanks - Not two to a Prize. 215,000.

Table showing 1,500 tickets at 10 dollars each for 215,000. Includes details for 1st, 2nd, 3rd, 4th, 5th, 6th, 7th, 8th, 9th, 10th, 15th, and 20th prizes.

15 per cent. on \$215,000 is 32,250. Sum to be raised by the lottery is 30,000. Expenses of the lottery 2,250.

The prevailing disposition to encourage the progress of Literature—the peculiar favor which St. Mary's College has enjoyed—and the many splendid chances offered to adventurers by the above scheme, induce the managers to anticipate a rapid sale of the tickets.

Charitable Marine Society LOTTERY.

THE subscribers having been appointed by the members of said society, managers of a lottery, authorized by the general assembly of Maryland, intend to raise a sum of money to aid the funds of said society, in extending further relief to the indigent widows and helpless orphans, offer to the public the following

Table with 3 columns: Prize amount, number of tickets, and total value. Includes prizes from 1 to 5000 and 18000 tickets at 5 dollars each.

6168 Prizes amounting to \$75000. 11823 Blanks. Sum raised including expence 15000.

18000 Tickets at 5 dolls. each is \$90000. From the above Scheme, it appears that there are less than two Blanks to a Prize; and that the Prizes are to be paid with great delinquency.

The advantages offered to adventurers, and the very charitable object to which the money is to be applied, induce the Managers to hope, that a speedy sale of the tickets will enable them to commence drawing at an early day.

All prizes will be paid in sixty days after the completion of the drawing, and such prizes as are not demanded within twelve months, will be considered as generous donations to the truly charitable object of the Lottery.

Tickets may be had of the Managers, and such other persons as they may point to sell. Prizes in the Lotteries now drawing in this city, will be received in payment for tickets.

- Managers: William Mathews, Daniel Howland, Thordick Chase, John Ogden, Tobias B. Stansbury, Thomas Tennant, John Snyder, Thomas Sprigg, and Timothy Gardner, Peter Gould, Thomas Rogers, February 10.

None are requested to buy until they have proved the Machine to be equal to the description. The patent was obtained from government, on the 25th of April 1837.

RAN away from the subscriber, living at Westmoreland court-house, Virginia, a Negro Lad, named ISAAC, aged seven or eight years; 5 feet 3 or 4 inches high. He is a likely young fellow, of a bright complexion, slender make, and very quick spoken. He had on when he went off, a brown coat and blue trousers; but it is probable he will change his clothing. He left this in company with a small white lad, by the name of William Short, who was an apprentice to the latter's business in this place. William Short is a slender made lad, of a thin visage and fair complexion, and stutters very much. They were pursued into the state of Maryland, as far as the ferry opposite Alexandria. William Short passes Isaac for the property of his brother, Thomas Short, of Baltimore; and was heard to say on the road, that they were bound to that place. The York Springs,

Having become a place of fashionable resort during the sultry months of summer, it is presumed that an account of their mineral & medicinal properties will not be unacceptable to such as are disposed to visit them the ensuing season. From a chemical analysis that has been made of these waters by re-agents, it is inferred that their active principles consist of a small portion of sulphate of magnesia or epsom salt, sulphur vivum in a state of the most complete solution, and a quantity of sulphurated hydrogen gas or hepatic air. Their effects on the human constitution correspond to the operation of those medicinal substances, when taken in moderate doses. They prove powerfully diuretic, mildly aperient, and gently promote perspiration. They appear calculated to discharge from the system the noxious bile, the principal cause of autumnal diseases, with the additional virtue of preserving and improving the tone of the stomach. To these advantageous effects, those can testify who have used them. June 1. law 3t

A WORK THAT OUGHT TO BE IN POSSESSION OF EVERY MAN.

THE LIFE OF GEN. WASHINGTON,

By JOHN MARSHALL, Chief Justice of the United States. Complete in 5 vols. 8vo. with an elegant Portrait, and a variety of Maps; is now ready for subscribers, and for sale, by GEORGE HILL.

The following remarks from a late London publication, attest the high opinion entertained of this authentic and interesting work.

"The public will learn with interest that the literary monument which has long been projected to the memory of the most illustrious character of modern times, is a length completed. No apology can be requisite for erecting such a monument to him who was the first in war, the first in peace, and the first in the hearts of his fellow citizens: to him who was the founder of a great and prosperous empire, and whose moderation and pure patriotism challenge the imitation of all statesmen. This performance of judge Marshall has already been distinguished by the most honorable and unequivocal testimonies; it has been hailed as an acquisition to standard literature; and it has been considered as deserving, in point of execution, a place by the side of Robertson's Charles the Fifth, and as unrivalled in the authenticity of its materials, by any work in the entire compass of history and biography." By the Rev. JAMES KEMP, D.D. Rector of Great Choptank Church, Dorchester county, Maryland.

This work is addressed to sober and serious christians, in hope that it may tend to counteract certain erroneous opinions which have prevailed upon the subject thereof, and which have been artfully cherished by various means incompatible with the true spirit of christianity; such as loud preaching, rapturous singing, violent prayer, frantic gestures, and other improper methods. Or, as a pious and orthodox preacher of the Methodist society terms it, "rating extravagance, abominable practices, such as jumping, pointing, dancing, boring, scratching, jerking," &c.
