PROPOSALS,
By **EZRA SARGENT**, No. 39, Wall street, New-York.

For publishing by subscription,
A NEW CYCLOPEDIA,
OR,
Dictionary of Arts & Sciences.

By **G. GREGORY, D. D.**
Author of *Essays Historical and Moral, the Economy of Nature, &c. &c.*

To be completed in twelve months from the time it is put to press. In Twelve Paris. Price two dollars and seventy-five cents each.

THE literary Quackery which prompts the publisher of every new work to endeavor to magnify the merits of his own intended publication by depreciating the merit of all other similar productions, is, at once, both useless and despicable; because nothing human can rise into esteem and honor, merely upon the ruins of another's reputation, without some intrinsic excellence of its own. The Publisher of Gregory's Cyclopaedia, therefore, will leave it to others to discover and declare, that the generality of Books called *Encyclopaedias* are, in their very constitution and form, too expensive and too cumbersome, to be either extensively circulated, or generally useful; and will content himself with briefly stating the claims and pretensions of the Book which he hereby proposes to offer to the public.

First, It comprises the most valuable information in all the important departments of Knowledge, collected and arranged by some of the best scholars, and the most comprehensively scientific men, this day existing in Britain. Secondly, This information is comprised in a small compass, and conveyed in language at once perspicuous and elegant; so that the reader may, in a short space of time, with ease and pleasure to himself, obtain that real acquaintance with the moral, literary, political, and philosophical world, which otherwise could not be acquired from the larger works in which the sources of these streams of knowledge are contained, but by a whole life devoted to severe and unremitting labour.

In order to render the work worthy of the patronage of the American public, the Publisher has engaged all the best American Artists to engrave the Copper-Plates, of which 138 will be given in the course of the work; and has also secured the assistance of Editors of acknowledged talents and information. It is with the blended emotions of confidence and delight, that the Publisher announces his intention of offering to his numerous patrons and supporters, a work which combines eloquence with economy, and practicable utility with splendor.

That the Patrons and Subscribers of this intended Publication, may be thoroughly assured of not having their patronage and protection abused by any defect in the execution of the work itself, or any want of punctuality in its appearance, at the stated and appointed times, the page given as a specimen of the style in which the publisher solemnly pledges himself the whole shall be executed, may be seen at the office of the Federal Gazette.

On account of the great abundance of matter and the number of Engravings which the work will contain, and in consequence of the vast expense necessarily attending the prosecution of such a plan, the publisher is compelled to solicit the aid of a sufficient number of subscribers, to enable him to carry his purpose into full effect, before he puts any part of the intended Publication into the hands of the Engraver or the Printer.

The acknowledged and intrinsic merits of the work are such as to ensure it a very general and extensive circulation: wherefore it only remains to the Publisher to ensure to his subscribers that the whole of the execution, as to the accuracy and elegance of the engravings, paper, and type, shall be such, as in every respect to correspond with the high value of the work. As to the engravings, as yet no specimen can be given; but the Publisher pledges himself that they shall be at least equal, and many superior to those in the London edition.

That there may be no possibility of disappointment to the patrons of literature as to this work, the subscriptions are proposed to be received on the following

CONDITIONS.
1st. The whole shall be comprised in Twelve parts, one of which shall be published monthly. Each part shall contain about 150 quarto pages, neatly done up in colored paper, at the price of Two Dollars and Seventy-five Cents, which is to be paid for on the delivery of each part—the whole twelve parts when completed will make two volumes in quarto, containing 238 Copper-Plate Engravings, which alone are worth the price of the whole work. It will contain more than double the matter of any similar work that has ever been published in this country.

2dly. One Dollar shall be paid at the time of subscribing, and to be deducted on the delivery of the twelfth part.
3dly. If the work be not executed in every respect equal to the engagement hereby made the subscribers shall, on returning the volumes, receive back the amount of their subscription money which has been advanced. If required, the publisher will give a Certificate, pledging himself to that effect, to each subscriber, at the time of subscribing.

4thly. The price of each part will be raised to Three Dollars, the moment that the work is put to press; and even then, the whole expense of a work which contains the substance of all that is known on every subject, literary and scientific, will be only 36 Dollars.

By the Rev. **JAMES KEMP, D.D.**
Rector of Great Choptank Church, Dorchester county, Maryland.

This work is addressed to sober and serious christians, in hope that it may tend to counteract certain erroneous opinions which have prevailed upon the subject thereof, and which have been artfully cherished by various means incompatible with the true spirit of christianity; such as loud preaching, rapturous singing, violent prayer, frantic gestures, and other improper methods: Or, as a pious and orthodox preacher of the Methodist society terms it, "ranting extravagance, abominable practices, such as jumping, pointing, dancing, boring, scratching, jerking," &c. &c.

See Rev. Mr. Roberts's sermon, preached before the last conference.

A WORK THAT OUGHT TO BE IN POSSESSION OF EVERY MAN.
THE LIFE OF
GEN. WASHINGTON,
By **JOHN MARSHALL, Chief Justice of the United States.**

Complete in 5 vols. 8vo. with an elegant Portrait, and a variety of Maps; is now ready for subscribers, and for sale, by
GEORGE HILL.

The following remarks from a late London publication, attest the high opinion entertained of this authentic and interesting work:
"The public will learn with interest that the literary monument which has long been projected to the memory of the most illustrious character of modern times, is at length completed. No apology can be required for erecting such a monument to him who was the first in war, the first in peace, and the first in the hearts of his fellow citizens; to him who was the founder of a great and prosperous empire, and whose moderation and pure patriotism challenge the imitation of all statesmen. This performance of Judge Marshall has already been distinguished by the most honorable and unequivocal testimonies; it has been hailed as an acquisition to standard literature; and it has been considered as deserving, in point of execution, a place by the side of Robertson's Charles the Fifth, and as unrivalled in the authenticity of its materials, by any work in the entire compass of history and biography."
