200 Dollars Reward.

Ran away from the subscriber, living in the city of Baltimore, on Sunday the 21st ultimo a Negro MAN, named ISAAC, aged about 25 years, about 6 feet high, very large body and strong made, bends forward from his middle up, has a custom of throwing up his head, or looking up when spoken to, very large flat feet and slovenly in his walk. Had on a Tickleburg shirt, and trousers, and a new red striped swansdown under jacket; by trade a brick-maker, fond of drink, and very quarrelsome. It is presumed that Isaac is harbored in the city, by some persons who encouraged him to runaway. Also ran away on the 31st January, 1806, a Negro MAN named FRANK BRICE, about 26 years old, 5 feet 7 or 8 inches high, two of his upper teeth out, a well looking, smart, and well spoken fellow, rather slim made, he plays on the fiddle. I purchased this fellow of Mr. James Brice, who resides in Farley Hundred, Kent county Maryland; his wife and child (who are free) went off with him; she is a short, fat likely woman, and the child about 8 years old; the man is a good sawyer, and accustomed to work in ship yards; Frank has been seen in Philadelphia, at a boarding house kept by a Negro named Thos. Bell, in Race-street. Whoever takes up said Negroes, and secures them in Baltimore jail, shall receive, if taken in the city, or within twenty miles thereof, fifty dollars, if a greater distance within the state, one hundred dollars, and if out of the state, the above reward, or in proportion for either of them.

All Masters of vessels and all others, are forewarned against harboring, or carrying off said Negroes at their peril.

Sloop Experiment.

For Passengers Only. ELIUS S. BUNKER, Bers leave to inform his friends and the public that he will, on the first of July, commence running a SLOOP, of about one hundred and ten tons burthen, between the cities of New York and Hudson, for the purpose of carrying Passengers.

Few people who have had occasion to take passage up or down the North River, but have experienced the inconvenience and risk of going on board vessels deeply loaded and lumbered on deck; therefore Captain Bunker has determined to take no freight on board the Experiment, which will remedy that inconvenience and entirely do away the risk.

The owners of this vessel, being desirous to render the passage as short, convenient & agreeable as possible, have not only taken care to furnish her with the best Beds, Bedding, Liquors, Provisions, &c. but they have been at a very great expense and trouble in procuring materials and building her on the best construction for sailing and for the accommodation of Ladies and Gentlemen travelling on business or for pleasure.

The Experiment will leave New York every Wednesday evening precisely at six o'clock, and Hudson every Sunday Morning at 8 o'clock, throughout the season.

Captain Bunker having been several years engaged in the freighting business between New York and Hudson, has become well acquainted with every part of the river; and he hopes, by attention and punctuality to merit the patronage of Ladies and Gentlemen from the Southward, who may visit the celebrated Ballston, Saratoga, & Lebanon Springs; or Travellers who may have occasion to travel through the Northern States.—The shortness of the passage to Hudson when compared with that to Albany or any place above Hudson, (where the river is impeded by bars, islands and overfalls that render it impossible for fast-sailing vessels to pass) he thinks will induce most people who are acquainted with the difference, to take passage to Hudson, where Carriages or Boats can at all times be had, at a moderate expense, to convey them to Albany, Troy, Lansingburgh, or the Lebanon Springs, which are about 30 miles distance.

Hudson, May, 1807.
