GEN. WASHINGTON, BY JOHN MARSHALL, Chief Justice of the United States,
Complete in 5 vols. 8vo. with an elegant Portrait, and a variety of Maps; is now ready for subscribers, and for sale, by
GEORGE HILL.

The following remarks from a late London publication, attest the high opinion entertain-

ed of this authentic and interesting work:
"The public will learn with interest that the literary monument which has long been projected to the memory of the most illus-trious character of modern times, is at length completed. No apology can be requisuc for erecting such a monument to him, who was the first in war, the first in peace, and the first in the hearts of his fellow citizens: to him who was the founder of a great and prosperous empire, and whose mo-deration and pure patriotism challenge the imitation of all statesmen. This performance of judge Marshall has already been distinguished by the most honorable and unequivo-cal testimonies; it has been hailed as an ac-quisition to standard literature; and it has been considered as deserving, in point of ex-ecution, a place by the side of Robertson's Charles the Fifth, and as unrivalled in the authenticity of its materials, by any work in the entire compass of history and biography det.co

Land for Sale, About 380 acres of Woodland, from nine to ten miles from Baltimore, on the main road to Ellicott's upper Mills: there is a large quantity of timber and wood on this tract; it is allowed by good judges that it will average considerable more cords of wood per acre, than will pay the price I ask for it, as it stands, without any expense or trouble in cutting. The price of fire wood the last winter, with the increasing scarcity of that article on the tide waters, and near Bakimore, it is thought will make this property of great value in a few years, to one that has the money to spare. The whole may be sold to-grether or had in lots, as may best suit pur-chasers, one half the money will be required in hand, for the other half, two or three years credit will be given.
