## Fire Insurance.

The subscriber having received powers and instructions from the

PHOENIX COMPANY OF LONDON, Is tully authorised to effect insurance on Houses, Buildings, Stores, Ships in Harbor, Goods Wares, and Merchandize, in any part of the state of Maryland, FROM LOSS OR DAMAGE BY FIRE,

On terms so moderate, as will, it is pre sumed, make it the interest of all to resort to a measure so well calculated to give additional security to commercial transactions, and to afford protec ion from the injuries which Fires have so often occasioned. In this Office, no insured person is liable to

any call to make good the losses of others, but in case of Fire, the sufferer will be fully indemnified with that liberality and prompt-ness which have always distinguished this company; requiring no other delay (even where presumption of fraud appears) than is necessary to distinguish the honest sufferer from the fraudulent incendiary.

As a proof of the usefulness of this institu-tion and the benefit that individuals have deriv. d from it, it is only necessary to state, that since the commencement of the Office, in 1782, near SEVEN MILLIONS OF DOLLARS have been paid to claimants upon their policies. The following is published for the information of

those who reside at a distance. CONDITIONS OF INSURANCE.

PERSONS desirous to make Insurance I. on BUILDINGS, are to deliver in to the agent the following particulars, viz. Of what ma-terials the walls and roof of each building are constructed, as well as the construction of the buildings contiguous thereto-whether the same are occupied as private dwellings, or how otherwise-where situated-also, name or names of the present occupiers. the

And when any loss or damage shall have been duly proved; the in-sured shall receive satisfaction to the full amount thereof, without allowance of any discount, fees, or other deduction whatever.

count, frees, or other deduction whatever. X. Per ous choosing to insure for seven y ars will be charged for six versionly; also, for a less number of years than seven, will be allowed a reasonable discount. P.tch, Tar, Turpentine, Sältpeire, Flax, Hemp, Oils, and Tallow, are deemed hizard-ous goods; Tallow melters. Bakers, Ship-chandlers, Boat-build-ers, Rope makers, Su ar-refiners, Distillers, Chymists, Varnish makers, Turpentine, works, Theatres, and all Mills and Machinery, are deemed extra hazardous, and the rate upon

such risks will be proportionably increased. Ships in port, and their cargoes; ships building or repairing; also, barges, and other small craft, with goods on board, may be in-sured against fire, at 75 cents for one year; 45 cents for six months, and 37 1-2 cents for three. months per 100 dollars.

Barns, Stables, Hay and Grain contained in them, or in stacks or ricks, and Live Stock, will be insured at such premiums as may be agreed on.

The rates on buildings (and on property contained in them) depend so much on the materials of which they are constructed, the purposes f r which they are used, and their situ-ation with respect to other buildings that may be deemed hazardous, that particular attention is requested to these circumstances in the orders for insurance.

In cases requiring a surveyor's report or plan of the buildings, where there are several, showing their situation with respect to each other and to other buildings, such survey or plan must be furnished by the assured, or at his expense; but where a clear des rip ion of the property can be given, of which the agent must be the judge, they may be dispensed with. The assured is subject to no charge or expense in this office, except 50 cents for the

policy. In stating the sum for which insurance may be requested on any property, it should be re-collected, that *indemnity* only is the object of insurance against fire, and that *benefit* or *ex-pected pr fit* or *advantage*, beyond a just estimate of the value of the property destroyed, is against the principles of the contract. ## PROPOSALS

From the Phanes Company of London For insuring houses, buildings, stores, ships in harbor, goods, wares and merchandize, FROM LOSS OR DAMAGE BY F.RE.

Insurance from loss or damage by Fire hath bee found a measure of great imp rtance to the happi ness of families, and has given additional security to commercial tran actions. The distinguished ap probation with which the public through ut Great Britain received the improved system of this office occasioned frequent application for the insurance of property in the principal cities and towns in Eu-rope and America, and induced the company ma ny years since to extend their plan to the continents of Europe and America, and to the West-India islands. The Phœnix Company can refer to the unerring test of experience to ascertain their cha-racter; and, gratified by the unbounded confidence they have obtained, and for the purpose of facilitating to the il habitants the means of effecting is sur a ce on their property, the directors have lately de-ter nined to extend the sum which they have be n accustomed to insure in any single risk, and have arranged rates of premium upon the various des criptions of property, which they trust, will be tound m derat , just and equitable. The primpti-fude with which this office has adjusted the claims of sufferers, and the solidity of its tunds, are so well known, that it is unnecessary to offer more on the subject, than to refer those who desire information, to the m rehants of 1 ondon, with whom they cor respond.
