The Subscriber Respectfully begs leave to recommend the following proposals of the London Phoenix Fire Company. The season of the year ap- proaches, when danger from that element is most to be apprehended. The rates of Pre- miums, with in all cases, be made low, as the nature and situation of property will per- mit. For the accommodation of Merchants, specific Goods, identified by marks a num- bers, may be insured for a less time than the year. Orders left at the office in Second- street, any time between the hours of nine A. M. and 5 P. M. will be duly attended to, and Policies issued the same day. DAVID STEWART, Agent. Insurances can be made on Buildings, Stores, &c. in all parts of Maryland, the district of Columbia, including Alexandria & its neighborhood. Letters on the subject, post paid, addressed to the Agent, shall have immediate attention.

PROPOSALS From the Phoenix Company of London For insuring houses, buildigs, stores, ships in har- bor, &c. goods, wares, and merchandises, FROM LOSS & DAMAGE BY FIRE. Insurance from loss or damage by fire has been found a measure of great importance to the happiness of families, and has given additional security to commercial transactions. The distinguished ap- probation with which the public through out Great Britain received the approved system of this office, occasions frequent applications for the insurance of property in the principal cities and towns in Eu- rope and America, and induced the company many years since to extend their plan to the continents of Europe and America, and to the West-India islands. The Phoenix Company can refer to the unerring test of experience to ascertain their char- acter; and, gratified by the unbounded confidence they have obtained, and for the purpose of retir- ing to the inhabitants the means of effecting insur- ance on their property, the directors have lately de- termined to extend the sum which they have be- come accustomed to insure in any single risk, and have arranged rates of premium upon the various de- scriptions of property, which, they trust, will be found moderate, just and equitable. The promp- titude with which this office has adjusted the claims of sufferers, and the solidity of its funds, are so well known, that it is unnecessary to offer more on the subject, than to refer those who desire information, to the merchants of London, with whom they cor- respond.

In this office, no insured person is liable to any call to make good the losses of others; but in case of fire, the sufferer will be fully indemnified by the company. The company also make good losses on property burnt by lightning.

Buildings constructed partly with Brick or Stone and partly with Wood, or having either of the four Walls of frame Work filled with Brick.

Fire Insurance. The subscriber having received powers and in- structions from the PHOENIX COMPANY OF LONDON, Is fully authorized to effect insurance on Houses, Buildings, Stores, Ships in Harbor, Goods, Wares, and Merchandize, in any part of the state of Maryland, FROM LOSS OR DAMAGE BY FIRE. On terms so moderate, as will, it is pre- sumed, make it the interest of all to resort to a measure so well calculated to give addition- al security to commercial transactions, and to afford protection from the injuries which Fires have so often occasioned.

In this Office, no insured person is liable to any call to make good the losses of others, but in case of Fire, the sufferer will be fully indemnified with that liberality and prompt- ness which have always distinguished this company; requiring no other delay (even where presumption of fraud appears) than is necessary to distinguish the honest sufferer from the fraudulent incendiary. As a proof of the usefulness of this institu- tion and the benefit that individuals have de- rived from it, it is only necessary to state, that since the commencement of the Office, in 1782, near SEVEN MILLIONS OF DOLLARS have been paid to claimants upon their policies.

The following is published for the information of the PUBLIC, the Conditions of INSURANCE. I. PERSONS desirous to make insurance on BUILDINGS, are to deliver to the agent the following particulars, viz. Of what ma- terials the walls and roof of each building are constructed, as well as the construction of the buildings contiguous thereto—whether the same are occupied as private dwellings, or how otherwise—where situated—also, the name or names of the present occupiers. Each building must be separately valued, and a specified sum insured thereon—and in like manner a separate sum insured on the property contained therein.

II. In the insurance of GOODS, WARES, or MARCHANDISE, the building or place in which the same are deposited, is to be described; also, whether such goods are of the kind de- nominated hazardous, and whether any man- ufacture is carried on in the premises. And if any person or persons shall insure his or their buildings or goods, and shall cause the same to be described in the policy otherwise than as they really are, so as the same be charged at a low Premium than would be demanded if the true situation or quality of the buildings or goods were made known, such insurance shall be of no force.

III. No loss or damage to be paid on fire hap- pening by an invasion, foreign enemy, civil commotion, riot, or any military or usurped power whatever; nor for damage done by fire occasioned by earthquakes or hurricanes; but this company will make good the losses on property burnt by lightning.

IV. Books, accounts, written securities, bills, bonds, tables, and ready money cannot be insured. Jewels, plate, medals, or other curiosities, (not printed or stamped), are not included in any insurance, unless such articles are specified in the policy.

V. Persons insuring property at this office must give notice of any other insurance made elsewhere on their behalf on the same, and cause such other insurance to be indorsed on their policies; in which case each office shall be liable to the payment only of a ratable proportion of any loss or damage which may be sustained; and unless such notice is given, the insured will not be entitled to recover in case of loss.

VII. No order for insurance will be of any force, unless the premium be paid to the agent or unless a sum has been advanced, and the agent has delivered his receipt on account of the office; and all persons desirous to contin- ue their insurances, must make their future payments annually within fifteen days after the day limited by their respective policies, or the same will be void.

VIII. All persons assured by this company, sustaining any loss or damage by fire, are fur- nished to give notice to the company's agent, & as soon as possible after, to deliver in as par- ticular an account of their loss or damage sig- nified with their own hands, as the nature of the case will admit of, and make proof of the same by their oath or affirmations, and by their books or accounts or other proper vouchers, as shall be reasonably required; and shall procure a certificate, under the hand of a magistrate or sworn notary of the city or district in which the fire happened, not concerned in such loss, imputing, that they are acquainted with the character and circumstances of the person or

persons insured, and do know or verily believe that he, she, or they, really, and by mistake, without any kind of fraud or evil practice, have sustained by such fire, loss and damage to the amount therein mentioned, and until such affidavits and certificates are produced, the loss money shall not be payable; also, if there appears any fraud or false swearing, the claimant shall forfeit his claim to restitution or payment, by virtue of his policy.

IX. In case any difference or dispute shall arise between the assured and the company, touching any loss or damage, such difference may be submitted to the judgement and deter- mination of arbitrators, indifferently chosen, whose award in writing shall be conclusive & binding to all parties. And when any loss or damage shall have been duly proved, the as- sured shall receive satisfaction to the full amount thereof, without allowance of any dis- count, fees, or other deduction whatever.

X. Persons choosing to insure for several years will be charged for six years only; for a less number of years than seven, will be allowed a reasonable discount.

Pitch, Tar, Turpentine, Saltpetre, Flax, Hemp, Oils, and Tallow, are deemed hazard- ous goods; Tallow melters, Soap makers, Brewers, Dealers in Spirituous Liquors, Vin- egar, &c. Sweet makers, Hemp and Flax- dressers, Printing houses, Coopers, Cam- bric, Cabinet makers, Coach-makers, Mill- houses, Bakers, Ship-chandlers, Boat-builders, Rope-makers, Sun-refiners, Distillers, Chymists, Varnish makers, Turpentine-works, Theaters, and all Mills and Machinery, are deemed extra hazardous, and the rate upon such risks will be proportionably increas- ed.

Ships in port, and their cargoes; ships building or repairing; also, barges, and other small craft, with goods on board, may be insured against fire, at 75 cents for one year; 45 cents for six months, and 37 1/2 cents for three months per 100 dollars.

Stables, Hay and Grain contained in them or in stacks or racks, and Live Stock, will be insured at such premiums as may be agreed on.

The rates on buildings (and on property con- tained in them) depend so much on the mate- rials of which they are constructed, the pur- poses for which they are used, and their situa- tion with respect to other buildings that may be deemed hazardous, that particular atten- tion is requested to these circumstances in the orders for insurance.

In cases requiring a surveyor's report or plan of the buildings, where there are several, showing their situation with respect to each other and to other buildings, such survey or plan must be furnished by the assured, or at his expense; but where a clear description of the property can be given, of which the agents must be the judge, they may be dispensed with. The assured is subject to no charge or expense in this office, except 50 cents for the policy.

In stating the sum for which insurance may be requested on any property, it should be re- collected, that indemnity only is the object of insurance against fire, and that benefit or ex- pected profit or advantage, beyond a just estimate of the value of the property destroyed, is against the principles of the contract. Orders left at the Office of the Company, in Second-street, will be attended to by DAVID STEWART, Agent for the Phoenix Assurance Company of London.

The Phoenix Company having Agents at Philadelphia, New-York, Charleston, Savan- nah, and New-Orleans, persons having property in those places, are referred to the respective agents. September 11. d6t-2aw
