PROPOSALS
From the Phoenix Company of London
For insuring houses, warehouses, stores, ships in harbor, goods, wares and merchandize,
FROM LOSS OR DAMAGE BY FIRE.
Insurance from loss or damage by fire has been found a measure of great importance to the happiness of families, and has given additional security to commercial transactions. The distinguished approbation with which the public through out Great Britain received the improved system of this office, occasioned frequent application for the insurance of property in the principal cities and towns in Europe and America, and induced the company many years since to extend their plan to the continents of Europe and America, and to the West-India islands. The Phoenix Company can refer to the unswerving testimony of experienced and distinguished characters, who have obtained, and for the purpose of facilitating the without the means of effecting insurance on their property the directors have determined to extend the sum which they have been accustomed to insure in any single risk, and have arranged rates of premium upon the various descriptions of property, which they trust, will be found moderate, just and equitable. The promptness with which this office has adjusted the claims of sufferers, and the solvency of its funds are so well known, that it is unnecessary to offer more on the subject, than to refer those who desire information to the merchants of London, with whom they correspond.
In this office, no insured person is liable to any call to make good the losses of others; but in case of fire, the sufferer will be fully indemnified by the company. The company also make good losses on property burnt by lightning.

Fire Insurance.

The subscriber having received powers and instructions from the
PHOENIX COMPANY OF LONDON,
Is authorized to effect insurance on Houses, Buildings, Stores, Ships in Harbor, Goods Wares, and Merchandize, in any part of the state of Maryland,
FROM LOSS OR DAMAGE BY FIRE,
On terms so moderate, as will, it is presumed, make it the interest of all to resort to a measure so well calculated to give additional security to commercial transactions, and to afford protection from the injuries which Fires have so often occasioned.

In this Office, no insured person is liable to any call to make good the losses of others, but in case of Fire, the sufferer will be fully indemnified with that liberality and promptness which have always distinguished this company; requiring no other delay (even where presumption of fraud appears) than is necessary to distinguish the honest sufferer from the fraudulent incendiary.

As a proof of the usefulness of this institution and the benefit that individuals have derived from it, it is only necessary to state, that since the commencement of the Office, in 1783, near SEVEN MILLIONS OF DOLLARS have been paid to claimants upon their policies.

The following is published for the information of those who reside at a distance.
CONDITIONS OF INSURANCE.
I. PERSONS desirous to make Insurance on BUILDINGS, are to deliver to the agent the following particulars, viz. Of what materials the walls and roof of each building are constructed, as well as the construction of the buildings contiguous thereto—whether the same are occupied as private dwellings, or how otherwise—where situated—also, the name or names of the present occupiers.

Each building must be separately valued, and a specified sum insured thereon—and in like manner a separate sum insured on the property contained therein.

All manufactories which contain furnaces, kins, stoves, coakles, ovens, or sotherwise use fire-heat, are chargeable at additional rates.

In the insurance of GOODS, WARES, OR MACHANDIZES, the building or place in which the same are deposited, is to be described; also, whether such goods are of the kind denominated hazardous, and whether any manufacture is carried on in the premises. And if any person or persons shall insure his or their buildings or goods, and shall cause the same to be described in the policy otherwise than as they really are, so as the same be charged at a lower premium than would be demanded if the true situation or quality of the buildings or goods were made known, such insurance shall be of no force.

II. Goods held in trust, or on commission, are to be insured as such, otherwise the policy will not extend to cover such property.

III. No loss or damage shall be paid on fire happening by an invasion, foreign enemy, civil commotion, riot, or any military or insupped power whatever; nor for damage done by fire occasioned by earthquakes or hurricanes; but this company will make good the losses on property burnt by lightning.

IV. Books or accounts, written securities, bills, bonds, talines, and ready money cannot be insured.

V. Jewels, plate, medals, or other curiosities, painted glass sculptures, are not included in any insurance, unless such articles are specified in the policy.

VI. Persons insuring property at this office must give notice of any other insurance made elsewhere on their behalf on the same, and cause such other insurance to be indorsed on their policies; in which case each office shall be liable to the payment only of a ratable proportion of any loss or damage which may be sustained; and unless such notice is given, the insured will not be entitled to recover in case of loss.

VII. No order for insurance will be of any force, unless the premium is paid to the agent or unless a sum has been advanced, and the agent has delivered his receipt on account of the office; and all persons desirous to continue their insurances, must make their future payments annually within fifteen days after the day limited by their respective policies, or the same will be void.

VIII. All persons assured by this company sustaining any loss or damage by fire are to write to give notice to the company's agent, & as soon as possible after, to deliver in as particular an account of their loss or damage sustained by their own hands, as the nature of the case will admit of, and make proof of the same by their oath or affirmation, and by their books or accounts or other proper vouchers as shall be reasonably required; and shall procure a certificate, under the hand of a magistrate or sworn notary of the city or district in which the fire happened, no concerned in such loss, importing, that they are acquainted with the character and circumstances of the person or

persons insured, and do know or verily believe that he, she, or they, really, and by misfortune, without any kind of fraud or evil practice, have sustained by such fire, loss and damage to the amount therein mentioned and until such affidavits and certificates are produced, the loss money shall not be payable; also, if there appears any fraud or false swearing, the claimant shall forfeit his claim to restitution of payment, by virtue of his policy.

IX. In case any difference or dispute shall arise between the assured and the company, touching any loss or damage, such difference may be submitted to the judgment and determination of arbitrators, indifferently chosen, whose award in writing shall be conclusive & binding to all parties. And when any loss or damage shall have been duly proved, the insured shall receive satisfaction to the full amount thereof, without allowance of any discount, fees, or other deduction whatever.

X. Persons choosing to insure for seven years will be charged for six years only; also, for a less number of years than seven, will be allowed a reasonable discount.

Pitch, Tar, Turpentine, Saltpetre, Flax, Hemp, Oils, and Tallow, are deemed hazardous goods; Tallow melters, Soap makers, Brewers, Dealers in Spirituous Liquors, Vinegar, and Sweet makers, Hemp and Flax Dressers, Printing Houses, Coopers, Carpenters, Cabinet-makers, Coach-makers, Male and Female Bakers, Ship Chandlers, Boat Builders, Rope Makers, Saddle and Harness Makers, Chemists, Varnish-makers, Turpentine-works, Theatres, and all Mills and Machinery, are deemed extra hazardous, and the rate upon such risks will be proportionally increased.

Ships in port, and their cargoes; ships building or repairing; also, barges, and other small craft, with goods on board, may be insured against fire, at 75 cents for one year; 45 cents for six months, and 37 1/2 cents for three months per 100 dollars.

Barns, Stables, Hay and Grain contained in them, or in stacks or ricks, and Live Stock, will be insured at such premiums as may be agreed on.

The rates on buildings (and on property contained in them) depend so much on the materials of which they are constructed, the purposes for which they are used, and their situation with respect to other buildings that may be deemed hazardous, that particular attention is requested to these circumstances in the orders for insurance.

In cases requiring a surveyor's report or plan of the buildings, where there are several, showing their situation with respect to each other and to other buildings, such survey or plan must be furnished by the assured, or at his expense; but where a clear description of the property can be given, of which the agent must be the judge, they may be dispensed with. The assured is subject to no charge or expense in this office, except 50 cents for the policy.

In stating the sum for which insurance may be requested on any property, it should be collected, that indemnity only is the object of insurance against fire, and that benefit or expected profit or advantage, beyond a just estimate of the value of the property destroyed, is against the principles of the contract.

Orders left at the Office of the Company, in Second-street, will be attended to by
DAVID STEWART,
Agent for the Phoenix Assurance Company of London.
