Important to Merchants and Underwriters.

[Ledger.]

STRALSUND, Aug. 4.  
The garrison has been reinforced by a detachment of troops from Finland.

POMERANIA, Aug. 13.  
The preparations for the siege of Stralsund, are in great maturity. The operations against this place have been much promoted by the result of a general engagement, which took place on the 6th before the fortress. The Swedes were obliged to abandon all their advanced posts. They lost 4 or 500 men. The loss of the French was infinitely less. The Swedes keep up a vigorous fire. The French troops promise to be masters of Stralsund in 3 weeks. The king of Sweden has again proposed an accommodation; but his propositions were rejected. The garrison of Stralsund is estimated at 8000. The English troops are said to have re-embarked from Rugen.

## COMMUNICATION.

Mr. Hewes.  
There is a iniquity in the piece you published yesterday under the signature of Anon, which for the honor of the late grand inquest, I will venture to assert, is foreign to their hearts.

A man of no great penetration would have discovered that the paragraph inserted as an introduction to the statement intended to be made to the court, respecting the prison, was made by the editor of the "American," who might reasonably be expected to have mistaken his author, by a person so well acquainted with the origin of it, and a Latin scholar, like Anon, might have expected, at least, from the introduction of the word subscribers, into every paragraph of the statement, that it was not intended to be the act of the inquest, as a body, its acts being generally subscribed by the foreman alone.

The person who drew up the statement, disdains to point out the *o'erleaves* of truth, uttered by this *morlet*; critic; they are he believes, of little importance to the public, but he regrets most sincerely, that the members of the inquest did not visit the *slms-house*, as other inquests have done before them; some of them would have found that stowing two hundred objects of charity in eight or ten rooms, without any distinction, except as to sex, was another evil, not *insufferable* from the nature of such institutions or otherwise out of the reach of the court to remedy.

## West-Indies.

A most valuable COFFEE MOUNTAIN is offered for sale in an adjacent island from this continent, remarkable for its salubrity, and richness of soil, containing about 360 English acres of prime land for the growth of Coffee, situated in the most favored quarter for so suitable a weather of any in the island, and where the crop of this most valuable produce never fails, at the distance of 54 miles from the chief city, and at about 12 miles from a considerable seaport, where merchant vessels of the largest burthen enter and anchor in safety.

On the premises are all the valuable and useful buildings, barbeques, bason, &c. &c. requisite for storing and preparing all the present crop for Market, above one hundred and fifty thousand weight of Coffee, besides a most convenient airy house for the residence of a family, a kitchen, Negro houses, &c. &c.

The Plantation is well watered, having the advantage of a never failing spring, and is most delightfully situated at the entrance of a plain on sloping hills, contiguous to one of the first sugar plantations in the island, besides being only 3 miles distant from a watering place, much resorted to on account of the celebrity of its waters and baths; about 140 acres are in the highest state of cultivation on which are planted above 100,000 Coffee trees, growing in the most luxuriant state, besides Plantains, Bananas, and other Negro provisions in abundance.

This property will be sold with its gang of Negroes, consisting of 75 prime Blacks including males, females and their ten children, born on the plantation, all well seasoned to the place. No less than 27,000 lbs. Coffee was gathered last crop, and no doubt but 80,000 will be made this pending crop, probably more, and that hereafter one year with another the plantation in its present state will yield a crop of 120,000 pounds coffee, which at the actual price it now sells for in the colony affords to say 24 dollars per Cwt. would give a revenue of 27,000 dollars per annum, exclusive of the cost to own. By augmenting the number of trees, it can be made very soon to yield 100,000 pounds of coffee annually, the 220 uncultivated acres being all wood lands.

This kind of property is not liable to any taxes or tythes whatever, either on the lands, produce or Negroes.

For further particulars and terms, which are very advantageous, and well worth the attention of any person having command of cash for the first payment, as the subsequent instalments will chiefly be paid out of the crops Apply to

GEO. T. & LEM. WARFIELD. N. B. The property is offered for sale in order to resign a partnership.
