THE School is divided into two classes which meet alternately every other evening. Gentlemen who cannot attend regularly either class, may come occasionally, when their engagements will allow.

METHOD OF TEACHING.

To lessen as much as can be done the labor attending the study of an unknown tongue, every beginner is assisted in reading & construing, until he can translate fluently by himself, and to facilitate the knowledge of the grammar, a selection is made of the most essential practical rules which joined to the frequent repetitions of the phraseology contained in Mr. Dufief's work, tend considerably to accelerate the attainment of the language.

Notice is hereby Given,

That the subscriber intends applying to the judges of Washington county court, at the October term, for the benefit of the insolvent laws, passed in 1805 and 1806.
