West-Indies.
A most valuable COFFEE MOUNTAIN
is offered for sale in an adjacent island from
this continent, remarkable for its salubrity,
and richness of soil, containing about 350 En-
glish acres of prime land for the growth of
Coffee, situated in the most favored quarter
for a seasonable weather of any in the island,
and where the crop of this most valuable pro-
duce never fails, at the distance of 54 miles
from the chief city, and at about 12 miles from
a considerable seaport, where merchant ves-
sels of the largest burthen enter and anchor
in safety.
On the premises are all the valuable and
useful buildings, barbacus, barns, &c. &c. re-
quisite for storing and preparing at the present
moment for Market, above one hundred and
fifty thousand weight of Coffee, besides a
most convenient airy house for the residence
of a family, a kitchen, Negro houses, &c. &c.
The plantation is well watered, having the
advantage of a never failing spring, and is
most delightfully situated at the entrance of
a plain on sloping hills, contiguous to one of
the first sugar plantations in the island, be-
sides being only 5 miles distant from a water-
ing place, much resorted to on account of the
celebrity of its waters and baths; about 140 acres
are in the highest state of cultivation on which
are planted above 100,000 Coffee trees, grow-
ing in the most luxuriant state, besides
Plantains, Bananas, and other Negro provisions
in abundance.

This property will be sold with its gang of
Negroes, consisting of 75 prime Blacks in-
cluding males, females and their ten children,
born on the plantation, all well seasoned to the
place. Not less than 37,000 lbs Coffee was
gathered last crop, and no doubt but 50,000 will
be made this pending crop, probably more,
and that hereafter one year with another the
plantation in its present state will yield a crop
of 100,000 pounds coffee, which at the actual
price it now sells for in the colony alluded to,
say 24 dollars per Cwt. would give a re-
venue of 27,000 dollars per annum, exclusive
of the cost to own. By augmenting the num-
ber of trees, it can be made very soon to yield
100,000 pounds coffee annually, the 220 un-
cultivated acres being all wood lands.
This kind of property is not liable to any
taxes or duties whatever, either on the lands,
produce or Negroes.

For further particulars and terms, which
are very advantageous, and well worth the
attention of any person having command of cash
for the first payment, as the subsequent in-
stallments will be paid out of the crops.
Apply to
GEO. F. & LEM. WARFIELD.
N. B. The property is offered for sale in or-
der to resind a partnership.
