### John Haslam, VETERINARY SURGEON, Or FARRIEK,

No 41, JONES-STREET, Old Toron, Continues to offer his professional services to the citizens of Baltimore, and informs them that he has opened a Shop, in the above street, for the Shoeing of Horses feet, accord

ing to the modern improved plan; that is on he following principle: The Frog of the foot never to be pared, to beer equal weight with the shoe, and the shoe to be forged in such a manner as to bear a level surface on the ground and at the same time a sufficient space betweeen the shoe and sole of the foot.

It would appear, at first thought that the trog pressing on the ground, would injure the horse; but when we consider the shape, situation, quality and comp together with its connection with the exter-nal and intern. I parts of the foot, we must acknowledge it was placed there for most es septial purposes. It is elastic, and the shape of a wedge, convex, and placed in the centre of the heels a his wedge like shape, and convexity must be intended for some purpose, and that is to keep the heels expanded, which operation takes place in the following manner; allow the frog to press on the ground, and when-ever the horse sets his foot down, the trog as cends, that is, it rises up between the heels ; when he takes it up, the frog descends and by this alternate motion the beels are preserv ed expanded. The toot forms halt a circle. which is twe natural shape of a colt's foot, and a proper elastic motion is kept up in the parts composing the heels-again, the frog, when suffered to to press on the gruond, prevents the horse from shipping and by the its elastic quality acts as a spring. It is found by experience that a perpetual pressure may be given to a living substance, and it will be attended with no inconvenience, when a partial\* pressure will cause most ex. quisite pain This is demonstrated in a person whose living is by the hammer ; he feels no inconvenience; when a person, whose hand is soft, begins to work with the hammer for a little tim, he feels great pain. The same is also the case with the trog of the horse's foot, though it is cut and raised from the ground, as it is the common practice, and not admitted to press on an even surface, it will meet with pressure on gravelly gorund, or an, uneven surface; therefore it is better it should have perpetual or constant pressure, Independent of the reasonable appearance of the above theory, no one has cause for fear in the practice. It has been adopted for several years past at the Veterizary College of London, and in numerous instances in this city, by my direction, with the most salutary The plan of Shoeing in frost differs from

CELEBRATED GOUT AND REEUMA-TIC DROPS

The Gout, Rheumatism, Lumbago, and the various disorders of the same nature, are so exquisitely painful, and so difficult to be cured, that they have justly excited if eutmost stretch of medical investigation. Some professional gentlemen have excelled in one departmentor the sciences ; others in another. Dr. Tissor particularly has long been renowned for the superiority of his prescriptions in chronic I discusses, and the length of time which elap sed during his sole attention to the nature and effects and cure of these affections, render the medicines which he recommended of in valuable importance. The beneficial effects of these drops, have been so often experienced, and their extraordinary efficacy has been at tested by witnesses so numerous and so unim peachably credible, that incredulity itself anyot doubt the virtnes of Dr Tissot's Gout and Rheumatic Drops. Large quantities have already been vended, and the sale is now be come so general, and their certainty in curing the disorders of a chronic nature is so com-pletely ascertained, that certificates of their mbounded utility are now unnecessary. Testimonies of their value, and a volume of at-tested cases performed by them, may be seen upon application at T. W. Dyott's genuine drug and patent medicine warehouse, No. 57, South Second street, Philadelphia The price of Dr Tissot's Gout and Rheu-

Of the many respectable testimonials of the effects of the above drops, which have been received by the proprietor, we beg leave to annex the tollowing CERTIFICATE Of General Ridgely of Hampton. I certify that having received a blow on my knee, which induced severe pain and swelling, I was advised to apply to Dr. Tissot's Gout and Rheumatic Drops, and on bathing the part with them only a few times, agreea bly to the directions, they effected a perfect cure. Another time my wrist was affected with theumatism to such a degree, as to render my hand for the time useless, when on making application of the same remedy in like manner, the disorder in the course of twenty four hours was entirely removed. CER IFICATE,

Of Mr. John T. Solomon, Sixth near Race-Street, Philadelphia. SIR... For the good of the public and benefit of the afflicted, I think proper to inform you, that having lavored for upwards of six months under a very bad cough, attended with diffiulty of breathing, pains in my breast and side, and a sickness at my stomach; having lostall appetite, I became so very much reduced in my strength as to be unable to walk. I was considered in a consumption, and given up for a lost man. In this kopeless situation I had recoure to Dr. Robertson's Stomachic Elizir of Health, and to my great astonishment, before I had taken one bottle, found myself very much relieved I expectorated a great quantity of phlegm, which has eased me of one of the most violent coughs that ever a man had; I have taken it regularly ever since, and now find myself completely recovered, and shall certainly, for the benefit received, recommend it as far as I can, believing it to be a most efficacious medicine in the above complaint.

I am, Sir, With real respect, Your obed't humble servant. JOHN T. SOLOMON.

### CERTIFICATE Of Mr. Peter Denman, No 278, south Second-street, Philadelphia.

DEAR SIR, It is with the utmost satisfaction I in floated by your truly form you of the cure effected by your truly invaluable Stomachic Elixir of Health, as the whole of my family, including myself, being six in number, were violently affected with the influenza, attended with very bad coughs, pains in the limbs, and difficulty of breathing, which continued to increase. I applied to a physician, but his medicines had no effect.-Just at that time, having heard of the cures made by Dr. Robertson's Stomachic Elixie of Health, I determined to try a bottle of it; I lid, and its effects exceeded my expectations. The first two or three doses caused me to expectorate avast quantity of tough vicid phlegm, and so speedily removed every symptom of the coid, that by the time we had taken three bottles we were all perfectly cured, except a weakness that remained, for which I have ad-ministered Dr. Robertson's Patent Wine Bit-ters and Lines ters, and I have found them wonderfully efficaious in strengthening the system, and destroy ing of worms, as two of my children have voided a vast quantity by taking them, and are now growing strong and healthy. I have since recommended the a ove medicines to a num-ber of my friends, who have been immediately Administrator | relieved by taking them.
