MUSEUM.
No. 6, Water-street, between Calvert and South Streets.

A NEW ADDITION TO
The Baltimore Museum,
Of another room, so that it now consists of 3 rooms—the first contains an elegant collection of BIRDS from South-America, with a variety of this Country Birds; and a
Superb Collection of
WAX-FIGURES;
Amongst these are,
Washington and Franklin, three Ministers of the Gospel of New York, Bishop Moore, Doctors Rogers and Livingston.
The second room contains Wax Figures, Prints, Paintings, Animals, Snakes, and a variety of other curiosities too numerous to mention.
The third room is furnished with Prints, Paintings, and two beautiful Marble Figures as large as life. They have a little light dress on, so that they are very decent. Those figures are so well known that I need only say they are the Venus De Medici and the Apollo Belvidere, and are only deposited for a few days.
The proprietor has spared no pains or expence to get the Museum as forward as possible, and he flatters himself that he has got it so extensive and so well arranged, that it will meet with the approbation and encouragement of the citizens in general, as the credit of an institution of this kind must ever depend on the encouragement of the citizens, and they may rest assured, that there shall be no want on his part, to make it one of the first in the U. States. This I think they will be sensible of when they see how forward I have got it in about eight weeks.
