A Minister Wanted.

William and Mary Parish, in Saint Mary's county, is vacant, and a Minister much wanted. All the advantages taken into view, this may be considered as one of the best country parishes in the state; it has belonging to it a glebe, containing upwards of 300 acres of most valuable farming Land, which, when well cultivated, has never failed to yield a handsome support for a family; it lies in a healthy, thick settled neighborhood, on a large extensive creek, abounding at all seasons of the year with the finest fish and oysters, with a comfortable Dwelling House, with three rooms on a floor, and all necessary out houses; the annual value may be estimated at 200 dollars, the vestry having refus d that sum for it for the ensuing year, and the subscriptions have generally amounted to 300 dollars per annum To a Clergyman wishing a permanent settlement, these, with the other advantages attached to the situation, merit attention.

Adjutant-General's Office,

ANAAPOLIS, 19th Dec. 1807.

WHEREAS the repeated orders and applications to several of the commanding officers of regimens and battalions for their returns, have hitherto proved abortive, I have now the Governor's order, as commander in chief of the militia of this State, explicitly to require officers, whose returns have been thus neglected to make them to me without delay. The time has arrived when the energies of our country shall be called for, but the call will be lost and ineffectual, unless our military orders are more strictly enforced, and more cheerfully obeyed

This Farm contains five hundred and twenty-six and a half acres, of fertile land, producing annually the most bountiful crops of all kinds of grain and grass, and watered with so many never failing springs, that the whole may be divided into as many fields as pleasure or fancy might suggest, with the advantage of water in each; with an abundance of the most beautiful and lofty thriving timber for the support of the Farm There is about twenty acres of timothy meadow, well set and in high order, sixty more may be made at the small expence of cutting a water course, as the land has already been in cultivation; there is also about one hundred and twenty acres well set in red clover, which (judging from the past) will produce a luxuriant crop the ensuing summer with about sixty acres of winter crop in the ground, wheat and rye.

The buildings (which are nearly new, having all been erected within the last seven years) cosist of a large brick dwelling house, two stories high, with cellar, back buildings, and kitchen, all completely and elegantly finished, delightfully situated on an eminence commanding a view of the adjacent farms, and a public county road.

A spacious stone dairy supplied from a fountain of the purest spring water, which is conducted through pipes near the kitchen door, and is amply sufficient for all the purposes of the Farm and a distillery. A large brick meat house, a brick ice house, a new frame office with stone chimney, a large frame corn house and grainery, with carriage house below; overseer's house, negro house, and all other necessary out houses; also, a large handsome well built brick barn, forty feet wide and eighty long, with stables (under the whole) sufficient to contain fifty horses, with a fountain of water in the barn yard; also a small mill, almost new, with one pair of Cologne stones, erected for the purpose of grinding rye, corn and Plaister of Paris, for the use of the farm, but which might be turned to more productive purposes; also a very handsome falling garden in a high state of cultivation, well stored with the cohicest vegetables and a collection of the best fruits and vines from the most celebrated nurseries and vine yards in Pennsylvania and New-York. There is also on this farm, a large apple orchard, with an abudance of the best peaches and cherries.
