IRON WORKS.

The following LANDS will be sold together or in separate parcels to suit purchasers at Public Auction, at Mr. Chase's Vendue Warehouse in Baltimore, on SATURDAY the 14th day of May next, at 12 o'clock,

23,343 acres of LAND, more or less, consisting of different surveys adjoining each other, lying in Bath and Bottetourt counties, in the state of Virginia, on the cow pasture river, which empties into James River. There is on the above Lands, a great abudance of Iron Ore, of the best quality to be obtained, with very trifling expence, near navigable water, and situations suitable for erecting furnaces and forges. The annexed certificate of Adam Clackner, (an experienced man of good character) is referred to for further particulars. The first named subscriber has also been on the Lands, and examined the situations on the river for furnaces and forges, and is of opinion that the annexed certificate is in every respect correct.

The terms of sale will be 5000 dollars cash, and for the residue of the purchase money, an extended credit will be given. The titles are believed to be unquestionable. The Patents may be seen by application to the subscribers.

JOSIAS PENNINGTON,
N. BRICE,
Trustees of the Patentee.

CERTIFICATE:

I hereby certify, that in the year 1803, I examined the Ore banks, on the above mentioned lands, and found the ore to be of a very superior quality, and in very great abundance. The Ore banks consist of three mountans, and such is the facility of getting the ore, that in my opinion *one* man will be able to raise as much as will supply one furnace. The proper place for a furnace is not more than 3 4 of a mile from the banks, and for a forge that may be worked with four hammers; about 5 miles distant on a good road, there is also an abundance of wood to supply the furnace and forge, and a large quantity of White LIME STONE near the furnace seat. I am of opinion that there are two good seats for forges, (exclusive of the above mentioned) each to act with one hammer, within 3-4 of a mile of the Furnace; upon the whole I solemnly declare, that in my opinion (and I have been for many years acquainted with the qualities of oar, and the proper management of Iron Works) the above property has more advantages in every respect, for the establishment of IRON WORKS, than any I have ever seen.

Adam Clackner.

In addition to the above, I certify that at the period above mentioned, I procured some of the ore, and had it made into Bar Iron at Lang's Furnace and Forge, near Fincastle in Botitot county, and since have made it into Steel, both Bar Iron and Steel of a superior quality. ADAM CLACKNER.

☞ The Editors of the Richmond Enquirer and the Lancaster Journal, will please insert the above twice a week till day of sale and forward their accounts to the Editor of the Federal Gazette.
