Sale by Auction.
IRON WORKS.
The following LANDS will be sold together or in separate parcels to suit purchasers at Public Auction, at Mr. Chase's Vendue Warehouse in Baltimore, on SATURDAY the 14th day of May next, at 12 o'clock,
23,343 acres of LAND, more or less, consisting of different surveys adjoining each other, lying in Bath and Bottetout's counties, in the state of Virginia, on the cow pasture river, which empties into James River. There is on the above Lands, a great abundance of Iron Ore, of the best quality to be obtained, with very trifling expense, near navigable water, and situations suitable for erecting furnaces and forges. The annexed certificate of Adam Clackner, (an experienced man of good character) is referred to for further particulars. The first named subscriber has also been on the Lands, and examined the situations on the river for furnaces and forges, and is of opinion that the annexed certificate is in every respect correct.
The terms of sale will be 5000 dollars cash, and for the residue of the purchase money, an extended credit will be given. The titles are believed to be unquestionable. The Patents may be seen by application to the subscribers.
JOSIAS PENNINGTON,
N. BRICE,
Trustees of the Patentee.

CERTIFICATE:
I hereby certify, that in the year 1803, I examined the Ore banks, on the above mentioned lands, and found the ore to be of a very superior quality, and in very great abundance. The Ore banks consist of three mountains, and such is the facility of getting the ore, that in my opinion one man will be able to raise as much as will supply one furnace. The proper place for a furnace is not more than 3/4 of a mile from the banks, and for a forge that may be worked with four hammers; about 5 miles distant on a good road, there is also an abundance of wood to supply the furnace and forge, and a large quantity of White LIME STONE near the furnace seat. I am of opinion that there are two good seats for forges, (exclusive of the above mentioned) each to act with one hammer, within 3/4 of a mile of the Furnace; upon the whole I solemnly declare, that in my opinion (and I have been for many years acquainted with the qualities of ore, and the proper management of Iron Works) the above property has more advantages in every respect, for the establishment of IRON WORKS, than any I have ever seen.
Adam Clackner.

In addition to the above, I certify that at the period above mentioned, I procured some of the ore, and had it made into Bar Iron at Lang's Furnace and Forge, near Fincastle in Botetout county, and since have made it into Steel, both Bar Iron and Steel of a superior quality.
ADAM CLACKNER,
The Editors of the Richmond Enquirer and the Lancaster Journal, will please insert the above twice a week till day of sale and forward their accounts to the Editor of the Federal Gazette.

HeadQuarters,
Annapolis, April 23, 1808.
By the commander in chief of the militia of the state of Maryland,
General Orders.

It having been represented to me that some of the sergeants of the regiments of militia have received themselves entitled to, and have demanded and received compensation for granting certificates to invalid soldiers of their respective regiments, "that they are not of sufficient ability to perform military duty," I have, therefore, from the presumption that such practice has proceeded from a misconception of the law, thought proper to issue this general order; and I do hereby direct and order that the sergeants of the respective regiments shall give such certificates where such disability exists, to the invalids of their respective regiments, and that no compensation be demanded or received for the same, and that where any compensation has been received for such services, the same be refunded. And I hereby order the colonels of regiments and majors of extra battalions, not to discharge any soldier but on the certificate of the surgeon of the respective regiment or extra battalion, where there is such surgeon in office, that there may be an official responsibility, or where there is no surgeon on the certificate of two respectable physicians of the county, if there are two such in said county; and where there is no surgeon, and only one physician in the county, on the certificate of such one physician, and not otherwise.
By the commander in chief,
SAMUEL T. WRIGHT,
Adjutant-General S. M.
