Fifty Dollars Reward.

Ran away from the subscriber, at the Patuxent Upper Ferry, in Baltimore county, Maryland, on Tuesday, the 20th of April last, a Mulatto Man Slave named GEORGE, who calls himself GEORGE SEAMOUR: he was raised by col. Dorsey, near Elkridge Landing—he is about 27 years of age, 5 feet 10 or 11 inches high, somewhat knock-kneed, middling stout made, full faced, good teeth, has a scar on the end of his nose, which was occasioned by the bite of a horse when a boy, and another behind one of his ears, which he got in fighting some time past, and a great deal of wool on his head, which he often wears drest and quened with a ribbon; he has a great acquaintance in the city of Baltimore; was bred to the farming business and taking care of horses;—he will endeavour to pass as a free man, and perhaps has obtained a pass or discharge, as a great many of the same family of negroes have been manumitted by Mrs. Dorsey of the city of Baltimore. He had on and took with him sundry clothes, one broad cloth coat, striped plush jacket, brown thick-striped pantaloons, white Holland shirt, and half boots and shoes; he also had with him one dark striped nankeen short coat, white Marcelline jacket, and nankeen pantaloons and a good castor hat, besides his working clothes, all of which he may have changed for others; he is very plausible, and has a great deal to say. I will give the above reward to have him secured in any jail on the continent, so that I get him again, and all reasonable charges paid if brought home, by SAMUEL NORWOOD.

When the highly interesting object of the above Scheme of a Lottery is considered; together with the very flattering prospect it holds out to every person disposed to contribute Ten Dollars for so laudable a purpose as that of bringing a Collegiate course of instruction more generally within the reach of the Community, it is hoped it cannot fail to receive a prompt and liberal support from the citizens of Baltimore in particular, and the public in general.

When it is also taken into view, that the Baltimore College hath received the first sanction of the State, and that it already contains a number of students equal to that of most Colleges in the United States; and yet has no accommodations but such as are at the private expense of the principal professors—it is hoped the community will see in this mode of providing proper buildings, no design but what is indispensably necessary, and conducive to general interest.

Prizes will be paid, sixty days after the completion of the drawing, such as are not demanded within twelve months thereafter will be considered as generous donations to the above institution.

Just Printed and Published THIS DAY, (Price 37 1-2 cents, neatly bound) THE PAPIST MISREPRESENTED AND TRULY REPRESENTED

One of the best productions of the Rev. John Gother, so well known in England, by many excellent works on religious subjects. This now offered to the public has been in so constant esteem, especially among the Roman Catholics in England, that it has gone thro' at least nineteen editions. The editor entertains no doubt that it will be received with equal satisfaction and equal advantage in America, where it cannot be denied that there yet remain many prejudices in the minds of those who never had any opportunity of knowing or care of examining the true and genuine doctrine of the Catholic Church. This doctrine is presented in this small work, with equal exactness and ingenuity, without any superfluous ornament: it is left, as it were, to speak for itself, which is no small proof both of the sincerity of the author, and of the goodness of the cause he had undertaken.

It is sold at the book-store of Matthew Carey, No. 192 Market-street, of Patrick Byrnes, No. 130 ditto, of Samuel Butler, corner of Market and Charles-streets, and at the printing office of John W. Butler, corner of Gay and Water-streets.

Levigated Charcoal Dentifrice

This preparation of Charcoal is warranted by the proprietor to be entirely exempt from any acids, which are the basis of the generality of Tooth-Powders in common use, and which, though they possess the property of whitening the teeth in a short time, must by frequent use chemically destroy the enamel, and thereby produce the effects which the powders are employed to prevent.

The Levigated Charcoal Composition Dentifrice possesses the desirable qualities of rendering the teeth beautifully white, destroying the factor arising from carious teeth, which as disagreeably contaminates the breath, and of stopping the progress of the scurvy in the gums; at the same time it is incapable of either chemically or mechanically injuring the teeth

Sold (by appointment of the proprietor) only in Baltimore by EDME DUCAÏTEL, Apothecary, Chemist and Druggist, No 26 Market-street. Where may also be had, DURABLE INK,

For writing on linen with a pen, which nothing will discharge without destroying the linen. The utility of this preparation, whenever such an article is wanted need not be pointed out. Initials, names, cyphers, crests, &c. may be formed with the utmost expedition, and without the incumbrance or expense of any instruments: and will be found to stand every test of washings, buckings, acids, alkalies, &c. which oily and other compositions will not. If written on linen as it comes from the loom, it firmly stands the bleaching. It is also a much better as well as indelible criterion of a person's property, than initials made with thread, silk, or instruments frequently used for this purpose. may 10. 2aw3m
