Four Brick Houses to Rent.

ONE a handsome three-story House, the corner of Charles and Barre-streets, suitable for a large family, at a moderate rent; one other a two-story House, with four rooms on a floor; both these houses have convenient back buildings, and possession may be had immediately; the other two houses are entirely new, well finished, moderate rents, and suited to small families.

Also to rent, for ninety-nine years, renewable, four Lots on Light-street extended on the water, opposite the centre of the Basin; each lot containing 26 feet front and running 80 feet deep, to a 20 foot alley, with privilege of buying out in fee.

Also for sale or to rent, for 99 years, renewable, one, two or three squares (or more, if wanted) of water Lots on the south side of the Basin, lying from opposite Ellicott's wharf, down the edge of the Basin eastward, to amount of two thousand feet. It is needless to say any thing in praise of these water situations for any business that requires navigation; more than that, an inheritance of pure health, and the best drinking water in the world is attached to it.

And for sale, a Plantation, containing between 4 and 500 acres, one half of which is heavily timbered, lying within 12 miles of this city, and convenient to good navigation; there is no standing or stagnant water or marsh on this land; it is a fertile, productive soil, and 100 acres of meadow may be made. The timber would doubly pay what is asked for the land. For terms of rent or sale, of all or any part of the above property, apply to

To the Public.

In consequence of the continuance of the court in session, and other circumstances, the sale of my property did not take place on Saturday last: But if not sold at private sale before Tuesday the seventh day of June, will be offered at public sale on the premises—the sale to begin at 3 o'clock in the afternoon. Plats in the meantime may be seen at the following houses: Walker's, near the head of the Marsh market—Henck's, in Gay-St.—Mrs. Griffith's, at Griffi's Bridge—Browning's by the Hanover market house, and Pamphillion's and Prevedville's, at Fell's Point. Mr. Johnston, who lives in the Brick house on the premises, has also a plat, and will show the lots on the ground.

This property is extremely valuable, being so convenient to every part of the city of Baltimore: and it is laid out in such measure as to render the lots perfectly convenient for building thereon, or for grass lots, or gardens. The terms of payment will be six, twelve and eighteen months with interest. Those who would wish for Lots, would do well to reflect that they will not have an equal chance to get them reasonably should I sell the whole tract to an individual.

Levigated Charcoal Dentifrice

This preparation of Charcoal is warranted by the proprietor to be entirely exempt from any acids; which are the basis of the generality of Tooth Powders in common use, and which, though they possess the property of whitening the teeth in a short time, must by frequent use chemically destroy the enamel, and thereby produce the effects which the powders are employed to prevent.

The Levigated Charcoal Composition Dentifrice possesses the desirable qualities of rendering the teeth beautifully white, destroying the factor arising from carious teeth, which so disagreeably comminates the breath, and of stopping the progress of the scurvey in the gums; at the same time it is incapable of either chemically or mechanically injuring the teeth.

Sold (by appointment of the proprietor) only in Baltimore by EDME DUCATEL, Apothecary, Chemist and Druggist, No. 26 Market-street.

Where may also be had,

DURABLE INK,

For writing on linen with a pen, which nothing will discharge without destroying the line. The utility of this preparation, whenever such an article is wanted, need not be pointed out. Initials, names, cyphers, crests, &c. may be formed with the utmost expedition, and without the inconvience or expense of any instrument; and will be found to stand every test of washings, buckings, acids, alkalis, &c. which oily and other compositions will not. If written on linen as it comes from the loom, it firmly stands the bleaching. It is also much better as well as indeleble criterion of a person's property, than initials made with thread, silk, or instruments frequently used for this purpose.
