Jan. 11, 1899.
The following committee. Jos. Handy, Anderson Young, Richard Robinson, representing a number of gentleman residing at Dellville, Mt. Wilgans & Westport. alleging charges against John F. Parker Supt. of Sharp St. Cemetery, that the cemetery was used as a political headquarters and that large quantities of beer were dispensed there. That his conduct and those in his employ was unpleasant to lot owners and detrimental to the best interest of the place.
By motion it was agreed to meet on the 18th inst. and that Mr. Parker and all concerned be notified to be present and in order to investigate the above complaint.

It was agreed to have hooks on inside doors to toilet rooms, and also authorized the purchase of thermometers to be place in proper places in the building.

Lights burning all night.
It was reported that light had been seen burning in the tower all night two nights recently, and upon investigation it was found that some unauthorized person, had turned on the gas in the lobby on the gallery floor, high enough to break the globes and left it burning. It was supposed to have been done while revival services was in progress in the lecture room. A motion prevailed to appoint watchers for each night during services until the early gates are up.
