Children by his former wife. to wit;
George, John Henry, Mary, Amelia, Lucy and
Clara. I do not know the ages of any of
these children. I never saw Amelia since
when her Mother died - she went and lived with
Katie Bradford here in Baltimore, and afterward a
white lady hired her as Childs nurse and took
her to Virginia somewhere. Clara is now
15 years old - going on 16. but I do not know
the date of her birth. All the children except
Amelia made their home with me off and
on until my husband died. I raised Clara and
kept her until her father died and then Lucy,
her eldest sister (unmarried) took her, and she is
now living with her sister Mary in Lutherville Md.
I have no knowledge that Lucy has been
appointed Guardian for Amelia and Clara, but
I know they applied for pension against me.
I have no idea how the births of these two
children came to pension, but they were born in
Belair, Md. I have never had the care and
custody of Clara since my husband died and I
never saw Amelia. Jacob Brown
died at #1806, No Spring St. this city on March 7
1893. of Cancer of Stomach, as the doctor said.
Now sir, he was possessed of no property of any
kind when he died and I have never owned
any property or had any means except what
I earn by my daily labor.

Q. What Child was that you claimed pension for
in your claim for pension?

A. It was Clara Brown that named. She was
living with me when I applied for pension
so I put her name in my claim. Afterward
Lucy took her away because I had no place
to keep her with me. She was 12 years
old then and that was what I told Mr Buckham
my Atty. If he put it down that she was
