[Note.—Affiants should state how they gained a knowledge of the facts to which they testify.]

PR

I saw the above named Soldier within a few months after his discharge his was then suffering injury to his eyesight. His eyes always appeared weak looked blurred and watery and at times he could scarcely see at all he often complained of pain in head and eyes and could not see persons or object very far off. said disease existed each and every year since the above date disabling him fully 1/2 of his time.

My reasons for knowing said facts are derived from seeing him often hearing him complain and seeing him in fire pain as above stated.

he further declares that he has no interest in said case and is not concerned in its prosecution.
