

But you must please excuse me
for writing to you, I in my condition
you would almost write to the angels
in heaven I write to the pension office
and all the satisfaction I receive
there is four months work ahead
I have received four months work
head in several letters from my
the sir until september stating four
months work ahead now will please
sir inform me what is the delay
for I cant receive any satisfaction from
the pension office and I have to write
to you sir when I was setting under
the sound of your voice at Holens hall
I did not expect to receive the verdict
that I did I would rather lost \$100,000.00
than to see the republican party defeated
if I had of had it but still I am a life
long republican dont give the battle up
we will rally and come a gain and
we will sweep the country now please
do all you can for me for I am
certainly and in deed my and children
are sick I am so crippled up that I am
not able to suport them I have to little light
I obs just what people choose to give

week now you can see I ought to be
pitied I have not done any manuel labor
for 18 years or more
