The evidence you asked me to furnish I have furnished them a half a dozen different times in 1880. Along about about June 7th I filed my claim under John B. Brisco and there was no action taken upon it until August 6th 1880 and then I was requested to go before the doctors examining board I went before the examining board of doctor doge and I was rejected he asked me to take off my clothes of which I did and told me to walk across the floor he never put his hands on me but told me to put on my clothes and a few days after that I got a notice that I was rejected which he never examined me at all in 1886 they asked me to send down to doctors sustif scales which I did and I received a letter from Commodore Block stating that it was settled and would be tended to as soon as reached and then I reopened under C. B. Webb in 1881 or 1882 and I heard no more from my claim until 1889 and then I was rejected
