In the matter of _____

Personally came before me, a _____ in and for aforesaid County
and State, _____, aged _____ years
and _____, aged _____ year

citizen of the Town of _____, County of _____, State of _____
Post Office Address, _____

_____ well known to me to be reputable and entitled to credit, and who,
being duly sworn, declare in relation to aforesaid case, as follows:

from these diseases and injuries all the time from 1869 to the present time. I have seen and conversed with him two or three times in each consecutive year to the present time - I do not believe that from discharge to the present time that he has been fit or able to do any manual labor at all, though at times he worked at odd jobs from actual necessity, and when he did work he never could do as much work as any ordinary laboring man. He certainly at this time cannot do any work at all. nor has he been able to do any work for many years past. It has been about two years ago that I first remember him telling me about his eyes, that from his Army service in Texas had come the disease which he has in both eyes. Whether he ever told me about it in the Army or after discharge up until two years ago I cannot say but I remember distinctly that he complained and suffered with disease of eyes during the past two years.

He _____ further declare that he has no interest in said case, and is not concerned in its prosecution.
