

DEPOSITION

Case of Isiah Cornish, No. 174091

On this _____ day of _____, 189 , at

County of _____

State of _____, before me, _____, a

Special Examiner of the Pension Office, personally appeared

Isiah Cornish, who, being by me first duly sworn to answer truly all interrogatories propounded to him during this Special Examination of aforesaid pension claim, deposes and says:

Can't say that I had any particular mess mates.

I never got well of the piles while I was in the service up to this day. I can not account for the statement [B. 13] for I had piles before I had diarrhoea. Some times when we make statements the writer fails to understand just what we mean and get it wrong. I never was in hospital after I was at Petersburg Va for diarrhoea nor piles, but was for my wound. I was in the hospital in spring or summer of '64 for diarrhoea and had the piles a little.

I was in the hospital at the same time for the swelling in my groin. When discharged I came right to Bates rd. and have been here ever since. Dr. B. Jones was my first physician. He has been dead for years. He treated me for my chest - No err, he didn't treat me for the piles. My piles were not very bad then and I did my own doctoring for piles.
