Dear Sir,

This letter is to certify that John Smothers, Co. G. 94th Inf.
has been under my care and treatment for the past
five or six years and that during the past six mos. has
failed physically.

He is a constant sufferer of a bladder condition
which keeps him constantly wet and requiring constant
attention.

Eye sight is also impaired, particularly left eye.

Earing is very bad.

He is also unable to get around with out side particularly
on account of marked Vertigo.

He is also unable to put on or take off all of his clothing
requiring help.

He also has great trouble in eating due to a tremor
in hands.

Very truly

R. J. Young
