

4 Isaac Johnson to Mary Mason or to any woman named Mary or even of the marriage of any ~~other~~ Isaac Johnson to any person during said period - There was no record of the marriage during said period either of Charlotte Tillman or Charlotte Wilson to any person or of the marriage of John Wilson to any person who might be claimant. I am convinced from the investigation made by me that Soldier was never married to the woman Mary Mason or anyone else before he married claimant and that claimant was never married to John Wilson or anyone else before she married Soldier.

Other points appear to be satisfactorily covered by evidence herewith.

I recommend reference of this report for consideration of the Chief of the Board of Review.

Claimant says that there is properly no middle initial "L" in her name - that it was put in her marriage license by mistake and the mistake perpetuated by the attorney in this case so she thought it best to let it go as written.
