Comr. of Pensions,
Washington, D.C.

Sir:

I return herewith together with my report the papers in the case of George Green, No. 661747, late Sgt Co. A. 324th Reg. This claim was referred for special examination to determine its merits. The usual notice was served on claimant who waived notice of further examination. Claimant was present when testimony of original affiants and witnesses on point of continuance was taken. From claimant's own statements as corroborated by testimony herewith I am convinced that there is no merit in this claim for any disability. Disease of heart or vertigo, which seems to be the most meritorious, claimant says came on him a year or so after discharge. I recommend rejection without further examination.

Very respectfully,

Geo. A. Cutchfield,
Special Examiner.
