DEPOSITION

Case of

George Green

No. 661,447

On this

Lewis day of

189 at

State of

Louis, County of

Special Examiner of the Pension Office, personally appeared

who, being by me first duly sworn to answer

truly all interrogatories propounded to him during this Special Examination of aforesaid pension claim, deposes and says:

of the army. I have worked with him off and on since then. I worked with him the first few years after he came out of the army. He was not then well and was complaining a good deal. I cant though recollect what was the matter with him at that time. I know in a general way that he has been complaining a right smart ever since the war but I cant remember the specific disease or disability - with which he has been affected and I cant give any symptoms he has had.

Yes I have known him to have vertigo I was working with him once when he fell right down. Ten or fifteen years ago is the first I recollect of his having the disease. I have also heard him complain of rheumatism for some over a year. He has been partially deaf over two years This is as close as I can get at it. This is all the information I can give you as to claimants condition in service or since.

Attest:

J. J. Connel  
W. Brown
