

and two rooms down stairs for keeping
house. I had the second story back
room.

Alice had that young man Johnny Jones
boarding with her for a year or longer
I lived in her house about nine months
last year. Alice said that Jones was
boarding with her. - She had no bed
up stairs in her room and a lounge
down stairs. I have seen Jones to sleep
on the lounge sometimes, but I know
that he used to sleep at night more
frequently in her bed room than he
did down stairs on the sofa. While
I never saw Alice and Johnny in bed
together. I have frequently seen them
to in her bed room together at night
night and come out together in
the morning. And from my acquaintance
with her and Jones and from living
in the house with them I do believe
that they were living together there
at 616 Mc Brady Court or near and
wife.

I have no interest in this case.
My answers are correctly recorded
in this deposition.
