Yes it might be - 15 months ago I did not see his head body.

Where was Alice living when John Duncan died?

I don't know - whether she lived on Short or Low St.

Did she and John live together to his death

Yes - they lived together I was sick myself & didn't get down there.

Well John died on Spring St. & she lived on Low St. - bet Short St. - they were not living together well. when I got well I found her on Low St. They must have been living on Spring St. when John died.

No Sir Alice never was married to any body else but John Duncan. No she never lived with any other man not as I know of. I never knowed her to live with or cohabit with any man but John Duncan.

Yes I gave testimony once for her in the person case - bet - Co of Savatoga St Paul St. I don't know whose office I was was there but once. I think I was sworn - A lady at that office attended to the business questioned me. I don't think she swore me. She didn't any body swear me that day. It was in the morning we went there. Just me and Alice and another woman went up.
