

On this 14 day of April, 1896, at Baltimore

County of Baltimore, State of Md, before me,

Geo. A. Gutchfield

a Special Examiner of the Pension Office, personally

appeared

Emory J. Taylor

who, being by me first duly sworn to

answer truly all interrogatories propounded to him, deposes and says I am about 40

years old and am by occupation waiter
My P.O. address is 1311 Jefferson St Baltimore
Md. I have known John Duncan
I was intimate with him. He died at my
mother's house and had been there about
four years I think he was ruptured
at least he told me so. I think he had
something like consumption. I don't know
what caused his death. I don't know
anything that ailed him while I
knew him. Never thought anything
to be the matter with his eyes. Never
heard him complain of rheumatism
disease of kidney disease of back
or eyes or anything except rupture.
I think he had consumption because he
coughed so much. He was a nice quiet
fellow free from bad habits. He would take a
glass of beer when he felt like but never saw
him drunk. My answers are correctly recorded
