

On this 17 day of April, 1896, at Baltimore

County of _____, State of Md, before me,

Geo. A. Gutchfield

Md

, a Special Examiner of the Pension Office, personally

appeared Emory Taylor, who, being by me first duly sworn to

answer truly all interrogatories propounded to him, deposes and says I am about 40

years old and am by occupation a waiter

My P.O. address is 1311 Jefferson St Baltimore

Md - Oh yes I remember John Duncan

I have known him some five or six years

I was intimate with him. He died at my

mother's house and had been there about

four years I think he was ruptured

at least he told me so. I think he had

something like consumption. I don't know

what caused his death. I don't know

anything that ailed him while I

know him. Never knew anything

to be the matter with his eyes. Never

heard him complain of rheumatism

disorder of kidney disorder of bowels

or eyes or anything except rupture.

I think he had consumption because he

coughed so much. He was a nice quiet

fellow free from bad habits. He would take a

glass of beer when he felt like but never saw

him drunk. My answers are correctly recorded
