

No, I can't swear that he came  
around with the Plan, or that  
he has it now but I have  
heard him complain of it  
lately.

You, since you mention it  
I think he did have something  
the matter with him down  
here (in his private) I think he  
had to go to Baltimore once for it.  
Can't say when I first knew of  
it. No I can't recall it save of the  
his discharge.

You, I made an off. in this claim,  
but I did not know of him to  
have Plan. More than 10 years  
ago. Jesse Clayton in deed  
No indictment, No trial.

Your questions are understood  
My answers are carefully
