

so I need not say more. as you fully understood all that probable. as to that done in the time your mother lived &c. "Mrs Hare". "Judge Kilmon". & your 'grand mother' & aunt know. about, you were too small to know, & I was caused considerable trouble & expense by your elder brother's wife. the mother in their refusal to state what they know. Just because they did not like you your uncle John was actually uncouth dirty mean in his actions & caused expenditure unnecessarily.

Now an important feature, as the enclosed statement contains the actual outlay of cash. as near as my memoranda signify. I understood Mr Perkins took a statement from both you & your brother Odie. in which you & he swore I charged you each one hundred dollar in this you are absolutely at fault. I never for once made any charge whatever & explained to you I could not do so as trouble would come by so doing. but I do remember saying to you it would be best for you, even if you had to pay one hundred dollar. to make out claim, that is simply all I ever said regarding it. I paid out my own money pursued properly your rights secured its allowance. I know where money was used & have done every thing properly to protect your interest & there may be more secured yet. I will not have more to say without seeing you. I know why & you want a bill. the matter stands right there if you desire to be honest you can do so. I know I have done far more than any one else has ever done for you & risked nothing but my own cash. I believe it proper to state not one soul can ever forward show where I ever took advantage of them or their ignorance of their rights so any one who tells you such a story tells an untruth.

Mrs J. Andreas in love
truly

Very truly
Chas L. Skinner
