I am writing to you for information

why my mother Archie L. Perkins

began to have a wandering mind
and would go out and she was
picked up and the Doctor at
the city hall pronounced her
insane and commit her to
the asylum at Northfield N.J.
today we were served with a
notice and went to Mr. Scull's
office and he had my sisters

Maggie Perkins and myself to see
if she was our mother.

and he kept her papers so I
am writing to see if it was all
right because I did not know
being my Father Stephen Perkins
was a civil ~~War~~ pensioner. I am
the oldest my name is Mrs Mary
Perkins Long she lived with me
