

who wrote my paper.
Nobody was sworn with me that day. There was a young lady present. Did not see her sworn but I believe she was sworn - Do not know her name. Do not know the young man's name - I can't say if he was sworn - I had to take witnesses up afterward when Mr. Lloyd would write to me.

I do not care to be present but if convenient to me I will be present sometimes. I have heard you read my deposition I have understood your questions and my answers are correctly recorded.
