Comr of Pensions,
Washington, D.C.

Sir:

I return herewith together with my report some papers relating to the pension claim of Amy Young Art. no. 371, 195. Widow of Robert Young late private Co. B 4 U.S. Inf. Investigation had been requested under Law Division letter Oct 16, 1895, as to an alleged forgery. It transpires that there has been no forgery. Claimant herself received and endorsed the check in question and all her other checks. It appears that this whole matter is based on a mistake which is explained by claimant in her deposition.

Very respectfully
Geo. A. Mitchell
Special Examiner
