

71
has no connection with his army service, and in my opinion is not in any way due to vicious habits.

4 The application under the new law dated Aug. 1890. filed by Chas E Garitee is regular in its form and was properly executed; The Court says his only claim now is that of the new law, & revives all others.

I consider the claim one of merit and recommend its admission.

Very respectfully

G B Hamlet
