

Answer, No Sir,

Question, Was you with the Co. at the time said James Cole was taken sick as stated, if so how was he attacked,

Answer, I was with the Co., but not near him, I distinctly remember the fact that he had been complaining for some days of being unwell, and that one morning he fell out of the ranks was reported sick, and I never saw him again, I also remember that he was afterwards reported dead, and that is all I can tell about him
