On this day and date below written, personally appeared the affiant whose signature is hereto affixed and who being duly sworn according to law testified as follows:

My name is Edmund J. Wheeler, I am 35 years old, and I reside in Baltimore, Md. at No. 1230 Union Hill Ave Street. I have been a practitioner of medicine for ten years and have been acquainted with the soldier George Chambers for about four years, and that

George Chambers has been examined by me and found to be totally unable to perform work.

This condition is one of degeneracy brought about through extreme exposure and hardship.

He has an extensive Arterio-sclerosis which has produced an attack of cerebral apoplexy causing sudden loss of consciousness, irregular noisy respiration and complete muscular relaxation. He also has Cardiac hypertrophy & Chronic Bronchitis. His mentality is weakened and deafness prominent. Owing to a lacerated wound on right forearm inflicted while in civil war muscular effort is greatly impaired.

The habits of a soldier have been good. Some of the above ailments have been present some time ago which almost precluded work on soldier's part.

I have no interest in this claim.
