No guardian - no committee has ever been appointed for her.

I doubt whether she is capable of giving any history of herself.

I have never asked her about herself or her history.

I have no recollection to have heard anything as to whether her husband Chambers was a soldier - or what his given name was.

Margaret's brother said Chambers had married again after Margaret and he parted. But I do not recall the name of the woman he married the second time, nor if I heard Chambers had secured a divorce from Margaret.

I am not interested in this claim.

I have heard this deception read - and it is correct.

James Bennett - Margaret's brother told me - Margaret had two daughters by Chambers. But their names and place of residence I did not learn.

Margaret has not remarried or lived with any man since I have known her - and so far as I know has not remarried or lived with any one since Chambers died. James Bennett seemed to know little of Margaret's history - had not known where she was for years. But once he heard she was here and came here to see her. I have heard the above read - and it is correct.
