The records of Summit Co were examined by me and show no steps for license, and no steps to have a committee appointed for Margaret.

I secured a copy of the Court action when Margaret was declared insane and sent to the asylum in 1886 - since which year she has been constantly in confinement.

Her brothers and sisters are considerably above the average in intelligence and standing in the community where they reside. Margaret is evidently dumbed and I could not get a more detailed statement from her for which she answered quiet questions with intelligence - she would lapse occasionally and show signs of irritation - and toward the last became restless so that I had to desist from questioning her further.
