Bureau of Pensions,

Washington, D. C.

Dear Sirs:

Re: Claim of Alice E. Chambers,
widow of George Chambers - Civil War.

Kindly note application filed by the above widow: I understand George Chambers was principal musician in the 19th regiment of the U. S. Colored troops infantry volunteers, and was honorably discharged at Brownsville, Texas, Jan. 15, 1867 - that he was disabled in the service and received pension to the date of his death, i.e., June 26, 1909.

Alice Chambers, his widow, made no claim for pension after his death (and she probably did not know she was entitled to it), as she was supporting herself. Now she is physically incapacitated and is dependent upon her daughter.

I shall appreciate a report in this case as soon as available.

Very truly yours,

J. Chas. Linthicum
