

man at Mr Lopez office that man  
glasses - I know the young. That is clear  
for Mr Lopez. I see her then frequently  
I dont know her name

has she ever present when you signed  
or work to any application

She has been in the building she  
never had any thing to do to far as  
my claim was concerned. as I know  
if she or she never signed nor was  
I know to any papers for me.

do you not know that in every  
application for pension the one who  
applies must have two witnesses to  
his identity sign the application  
with him

I never had any. When they asked  
me for witnesses I brought in John Parker  
and John W Hays. both were in my bed  
and enlisted same day with me.

Your new law application has  
as identifying witnesses B.B. Turner  
and E.C. Womack. ~~And~~ these persons  
sign and swear with you

I didnt have any body there - I didnt  
know nothing at all about the business  
I did just as they told me.
