Q Did you ever hear him complain of chronic diarrhoea in service.

A Oh yes I know he had that disease in service.

Q Have you any recollection that he had rheumatism in service, No I cant say for certain about that?

Q Did you ever know or hear of him getting sunstroke in the army. A. No sir.

Q Have you seen much of him since discharge

A Oh yes sir I have seen him frequently. When he first came out of the army I would see him two or three times a week. I dont know what he did or where he worked. He was always on the street when I would see him.

I dont know anything about what his condition has been since he came out of the army. I dont know whether he has been affected with any disease or disability since the war or not. I never heard him say having had made known to me the nature of this claim I will say that I dont know personally as to the occurrence by him of any disability claimed for except as stated herein and I dont know any thing about to what extent he has been disabled since discharge.

My answers are correctly recorded herein.
