

before the war but I cant give exact date - My husband told me that he had been divorced from his first wife but I dont know when or where or any thing about it. She remarried another man before he married me - I cant exactly tell when his first wife left him but I understood it was about eight years after the war. The last I heard of her she was living at Atlantic City and was known as Mary Shelton. I dont know her exact address.

I never married before I married Jeremiah Jones and have never remarried or lived with any man since then.

I have no property or income save from my own manual labor.

My answers are correctly recorded herein.
