and that he receives a pension of \_\_\_\_\_ dollars per month.

He makes the following statement upon which he bases his claim for *original* that *he was ruptured in the army.*

Here give the claimant's statement as briefly and as compactly as possible.

Here give a full symptom picture of the case, embracing all the physical and rational signs, but confining it to the present condition of the claimant.

Upon examination we find the following objective conditions: *General appearance healthy. Thoracic & abdominal organs sound a left complete inguinal hernia tumor size of goose egg, reducible and retainable by proper truss.*

It must be borne in mind that the duty of the Surgeon is to give an opinion as to the proportionate degree of disability, as total, &c., through the grades, without any regard to dollars and cents, and to make such a full particular description as will afford to this Office the ground for intelligent opinion and action in rating.

From the existing condition and the history of this claimant, as stated by himself, it is, in our judgment, \_\_\_\_\_ probable that the disability was incurred in the service as he claims, and that it has not been prolonged or aggravated by vicious habits. He is, in our opinion, entitled to a *total* rating for the disability caused by *left inguinal hernia*, \_\_\_\_\_ for that caused by \_\_\_\_\_, and \_\_\_\_\_ caused by \_\_\_\_\_

Rate for each cause of disability. If prolonged by vicious habits, the word not should be erased and the reason for the erasure given.
