

DEPOSITION

E

Case of Walter Boston, No. 292014On this 31 day of Dec., 1898, at
Baltimore, county of —State of Md., before me, N. N. Hill, a

special examiner of the Bureau of Pensions, personally appeared

Fredrick Thomas, who, being by me first duly sworn to answer truly all interrogatories propounded to him during this special examination of aforesaid claim for pension, deposes and says:I am about 65 years of age; my post-office address is 1076 N. Front st. City — laborer.

I knew William Henry Boston well, and worked with him in the sugar refinery from about the time that place began operations until it broke up. I did not know him prior to that time. Yes, when we went to work in that refinery he was in good health so far as I could judge he seemed to me to be so. I did not work quite up to the time the sugar refinery broke up — think I left there about a year before that happened and I left Boston working there. He was in good health so far as I could judge all the time he worked there. I worked there about two years. After I left the Refinery I did not see much of him and did not continue my acquaintance. I do not know of what disease he died. He lived in one part of town and I in another, and I did not know much about him after I left the Refinery.

2 Did you ever notice that he was troubled with a cough while you knew him?

A No, I never noticed anything of that kind.

I have understood your questions and my answers have been correctly recorded.

Ida V. Russ
