

I made an affidavit in his car. I presume I must have gone to Mr. A.P. Lloyd's office. I had forgotten that I made an affidavit until I saw him yesterday.

His business is working on scows, handling coal and loading ships etc.

I have not seen him often since the war - have only met him occasionally and cannot therefore tell anything about how his health has been.

I have been correctly reported.

Alfred Prout

Deponent.

Sworn to and subscribed before me this 2 day of Nov., 1899, and I certify that the contents were fully made known to deponent before signing.

N. N. Hill

Special Examiner.
