he believes to be a copy of the inventory of his grandfather's personal property including his slaves. Two Philips are named in the inventory one aged 40 and the other 18. Mr. Crisp is satisfied that the one age 18 refers to claimant.

The inventory is not dated so I went to Annapolis Md. to ascertain the date of the document or at least date of filing thereof. I find that the inventory is not dated, but it was filed in the Orphans Court Oct. 23rd 1849. A certified copy of said inventory as or so much thereof as pertains to the age of the claimant was obtained and the same is attached to this report.

I recommend consideration by Chief of Board of Review.

Very respectfully
